

BIBLE STUDY IS URGED FOR MEN

Fred S. Goodman of New York
Lectures on Greater Re-
ligious Activity.

FIVE ADDRESSES ARE GIVEN

Y. M. C. A. DEVELOPMENT
SHOWN BY STEREOPTICON.

Fred S. Goodman of New York, secretary of the international committee of religious work in the Y. M. C. A., delivered five addresses yesterday in this city.

The first was a heart to heart talk with the Bachelor club in the dormitory of the Y. M. C. A. at 10 o'clock yesterday morning. The next was a lecture on the work of the Y. M. C. A. delivered at the First Presbyterian church at 11 o'clock. In the afternoon he gave two addresses to the members of the Y. M. C. A. on "After Temptation What?" and in the evening he again lectured on the work of the Y. M. C. A. at the First Presbyterian church, illustrating his remarks with stereopticon views of Y. M. C. A. buildings and classes.

Urges Bible Study.
Mr. Goodman's visit to Salt Lake was in connection with a trip through the west and southwest and is a part of a campaign to start a revival of the study of the Bible by the men of today, not from a theological or denominational standpoint, but because it is the object of the association to merge the members and others with the Bible and to encourage Bible study, on the theory that anyone who grasps the teachings of the Bible will be influenced by the better life. In his talks to the young men at the Y. M. C. A. building yesterday Mr. Goodman after dwelling on the sacred and pitiful for the young men of today and the ease with which one might fall before the temptations of the world, he urged them to turn to the Bible for help. He ended up with an earnest and logical appeal to the young men to avoid the occasions of sin as much as sin itself.

At the Congregational church yesterday morning Mr. Goodman's talk dealt with the ideals and the purposes of the Y. M. C. A. He told of the idea of the Bible study classes and the mission of the Y. M. C. A. in this and other countries.

Development of the Y. M. C. A.
In the evening at the Presbyterian church he showed in the concrete how far the Y. M. C. A. had gone in fulfilling the purposes and ideals which he had mentioned in the abstract in his lecture in the morning.

By stereopticon views he showed many magnificent Y. M. C. A. buildings which had been constructed through individual contribution by the residents of all the important cities in the world. The various classes in the different branches of study, including the Bible study course, were shown at work. Different views taken in all the different countries, including the progress of the world illustrative of the progress of the Y. M. C. A. were shown on the screen during the course of Mr. Goodman's lecture at the Congregational church. The photograph of the old Russian cathedral at Port Arthur was reproduced. This photograph was secured by a Japanese soldier at the fall of the famous Russian stronghold and found its way into Mr. Goodman's possession through a Japanese member of the Y. M. C. A.

In the course of his remarks Mr. Goodman dwelt chiefly on the advantages of Bible study to merchants, lawyers, clerks and workmen as well as to theologians. He said that in the past five years since the beginning of the campaign of the Y. M. C. A. for greater religious activity among its members, 80,000 Bible students had been enrolled in the classes including some 20,000 college men.

New Buildings Going Up.

Mr. Goodman said that the present trip which he had made in the west and southwest was one of the most successful tours he had ever made. The first territorial convention of the Y. M. C. A. was held a short time ago at Douglas, Ariz., at which delegates were present from New Mexico, Arizona and Old Mexico. The meeting was most successful and the organization of branches of the Y. M. C. A. in that section is proceeding rapidly. Mr. Goodman said that never in the history of the Y. M. C. A. were there so many magnificent buildings for that association in the course of its education as at the present time. Denver has begun a \$500,000 building; Omaha another that will equal in cost that of Denver; St. Paul is planning a \$250,000 structure; Duluth has collected \$100,000 for that purpose and other large cities in the middle west are arranging for the erection of suitable buildings within the near future. The Bible study course will become a regular feature of the Y. M. C. A. curriculum here and the class will meet at 6 o'clock every evening for instruction by Mr. Goodman.

New classes for second term just forming in English, German, French, Spanish and Physical Culture. Miss Burkella Pierce, Pierpont School, 37 East North Temple.

THREE POLICEMEN KILLED

Officers at Tiflis Led Into a Trap and
Destroyed by Revolutionary
Bomb.

Tiflis, Nov. 11.—A deafening bomb explosion occurred on Pethanski street at an early hour this morning while the police were making a search of an unoccupied house. The noise of the explosion was audible for a great distance and the entire city was shaken. Three policemen were killed and four wounded.

The police discovered some revolutionary proclamations under a bed in one of the rooms in this house. They then went to a window and pulled aside a curtain. There was a flash of blue flame, followed immediately by the explosion, the force of which was so great that the body of a sergeant, one of the men killed, was hurled over a neighboring roof. The whole upper portion of the house fell in. It is apparent that a snare had been arranged and the police lured into it. The police received a tip to search this particular house, which is located in the Tartar quarter of the city, and which has not been inhabited since the Tartar-Armenian massacres of last year.

KILLED BY PET BUCK DEER

Wealthy New Yorker Meets Death
in His Game Preserves
in New Jersey.

New York, Nov. 11.—It was definitely established today at Mont Clair, N. J., that a pet buck deer killed Herbert Bradley, a wealthy flour exporter, whose dead body was found last night on the preserves at his home there. Deputy County Physician Simmons, of Orange, found that Mr. Bradley's death was due primarily to the deer's ripping open an artery in his hip. The horns of the buck, the largest one belonging to Mr. Bradley, and his special pride, were found to be covered with blood. The animal also attacked him with its hoofs.

Mr. Bradley returned yesterday from a business trip to the west and was told that a great deal of shooting by hunters was going on in woods near his estate. He started out to see if any hunters had broken into his grounds, and it was while investigating that the buck killed him.

WILD PANIC OF AUDIENCE

Two Persons Badly Hurt at Evans-
ville, Ind., When Picture Ma-
chine Caught Fire.

Evansville, Ind., Nov. 11.—Two persons were seriously injured and a number of women and children bruised and otherwise slightly hurt, in a panic caused by an incident at a moving picture machine at the Franklin street theater here last night.

A hot carbon used in the moving picture machine dropped into a basket of celluloid film. The flames sprang up to the ceiling and the curtains caught fire. Almost instantly the audience became unmanageable and a mad rush for the exits was made. The men and the police by hard work quieted the excited people, but practically every seat in the theater was smashed during the rush for the doors. The loss from fire was small.

COMEDY SCORES A HIT.

"The Road to Yesterday" at the Gar-
rick in Chicago.

Chicago, Nov. 11.—"The Road to Yesterday," a comedy full of whimsical surprises and fantastic charm, was given its first performance here last night at the Garrick theatre. The play, which was written by Evelyn Greenleaf Sutherland and Beulah Dix, comprises four acts, the second and third of which depict half-mystical dream scenes wherein all the personages of the first act are seen re-living their imagined lives of three centuries ago in Elizabethan London. Every character in the past thus enacts a double role. In the fourth act their modern selves and lives are resumed, with some romantic love episodes mixed with the dream. The reincarnation of souls is treated throughout in a spirit of fantasy. Minnie Dupre and the dream heroine, Madam Nesbit and White Littlesey as a pair of strangely parted lovers and Helen Ware as a gypsy, shared the chief honors of the performance, which was received with marked appreciation by a large audience.

A New Arrival

Direct from Paris, a model broadtail Persian set, an exquisite novelty, something entirely new. Price \$250.

FIGHT IN WEBER AGAINST GRAFT

Old Line Democrats Favor
Keeping It Up Until the
Battle Is Won.

EXPECT TO WIN IN THE END

PROTEST AGAINST GIVING UP
ORGANIZATION.

The result of the meeting of the Democratic county committee on Saturday, at which a vote to disband the organization in Weber county was presented and defeated, has caused a wide range of discussion among the local members of the party here.

Those who have analyzed the local situation and the action of the committee from various viewpoints, declare that the vote to disband was untimely and ill-advised. They assert that instead of this being a time to disband it is the right time for every member in the county to question himself and ascertain if he has been as loyal to his party convictions as have been those who have been criticised. Until they find that they themselves have done all that might have been done to advance the interests of the party in the county and to aid in carrying the party banner to success at the recent election they should refrain from harsh criticism of other members of the party. It is the consensus of opinion among the inter-

CRUSADE IS NOT EFFECTIVE

Ogden Police Department Making
Half-Hearted Attempt to
Enforce the Law.

During the recent campaign, Attorney Skeen called attention to the gambling going on in the city, and pointed out that there were many violations of the anti-slot machine law. He also called attention to the open violation of the Sunday closing law as applied to saloons and threatened to unearth some unpleasant features in connection with these violations of the ordinance.

Before a week has passed since the election the police department got busy and began a half-hearted campaign against these evils. The Sunday closing law is being enforced to a certain extent, and orders have been issued to the uniformed patrolmen to arrest all persons who are caught playing the slot machines. At the same time the order of the chief of police forbidding uniformed men from entering saloons unless they are called in has not been revoked, and the order to arrest slot machine players is therefore made a farce, as the majority of these machines are in the saloons.

The force, however, is on the jump, and with the exception of the plain clothes men, are working to carry out the orders of the chief, regardless of the handicaps that have been placed in their way.

The saloons, it seems, are determined to keep slot machines in their places of business and to realize and know that they can keep a close watch on the officers, and therefore it will be necessary for you to watch your opportunity and arrest them whenever you get a chance. It will have a good effect if you will arrest the people who play the slot machines.

"Do your duty in these matters and keep a lookout for any gambling that is going on and if possible get all the information you can and place the offenders under arrest. Do your full duty."

This is the notice issued by Chief of Police Browning, addressed to all officers. It is evident that fear is felt by the police department that Skeen and the citizens' committee will probe too deeply

REPUBLICANS LACK VOTES

Defeated New York Candidates In-
voke the Courts on the Count-
ing Question.

New York, Nov. 11.—Abraham S. Gilbert, the law partner of Attorney General Julius S. Mayer and counsel of the majority of the candidates on the Republican ticket, will apply to Supreme Court Justice McLean tomorrow for an order under which the supreme court may pass on the question of whether ballots cast in this county at the recent election, but marked "void," were really valid and whether or not ballots marked "protested" shall be counted. Similar applications will be made tomorrow under Mr. Gilbert's direction in Kings, Queens and Richmond counties. The orders if granted will be served on the chairmen of the different boards of canvassers before actual work on the canvass is begun. The order that ballots such as the supreme court shall determine are legal can be counted. These actions will be brought, it is understood, on behalf of the Republican state candidates as individuals other than Governor-elect Charles E. Hughes.

CORNER-STONE LAID.

Boise to Have a Magnificent Catho-
lic Cathedral.

(Special to The Herald.)
Boise, Ida., Nov. 11.—A notable event in the history of the Catholic church was marked today by the laying of the corner stone of the magnificent cathedral of St. Luke, which is being erected here by Rt. Rev. A. J. Glorieux, bishop of Boise. The attendance of a large number of visiting dignitaries of the Catholic church made the occasion a notable one in church circles in this city. Archbishop Christie of Portland was present and delivered the opening address of the ceremony. The visiting bishops were Bishop O'Dea of Seattle, Bishop O'Reilly of Baker City, scion of Salt Lake and Carroll of Helena. Besides these a large number of priests from this and surrounding states were present. The weather was fine and 300 people gathered to witness the impressive ceremonies. The procession of bishops and visiting and local clergy was an imposing one, the bishops being accompanied by acolytes, cross-bearers and other attendants. The procession moved to the rear of the church to the site of the altar, where a temporary cross had been raised and the solemn rite of blessing the corner stone was held, after which the procession reformed and marched to the corner of the edifice, where the cornerstone was laid with imposing services. Archbishop Christie of Portland then delivered his address, which was one of the most eloquent and scholarly efforts ever listened to by a Boise audience. The new cathedral will be the largest church edifice in the northwest with the exception of the cathedral at Seattle.

STOP, WOMAN!

AND CONSIDER THE

ALL-IMPORTANT
FACT

That in addressing Mrs. Pinkham you are confiding your private ills to a woman whose experience with women's diseases covers twenty-five years. The present Mrs. Pinkham is the daughter-in-law of Lydia E. Pinkham, and for many years under her direction, and since her decease, her advice has been freely given to sick women.

Many women suffer in silence and drift along from bad to worse, knowing full well that they ought to have immediate assistance, but a natural modesty impels them to shrink from exposing themselves to the questions and probable examinations of even their family physician. It is unnecessary. Without money or price you can consult a woman whose knowledge from actual experience is great.

Mrs. Pinkham's Standing Invitation:

Women suffering from any form of female weakness are invited to promptly communicate with Mrs. Pinkham at Lynn, Mass. All letters are received, opened, read and answered by women only. A woman can freely talk of her private illness to a woman, and this has been established by the personal confidence between Mrs. Pinkham and the women of America which has never been broken. Out of the vast volume of experience which she has to draw from, it is more than possible that she has gained the very knowledge that will help your case. She asks nothing in return except your good-will, and her advice has relieved thousands. Surely any woman, rich or poor, is very foolish if she does not take advantage of this generous offer of assistance.—Lydia E. Pinkham Medicine Co., Lynn, Mass.

Following we publish two letters from a woman who accepted this invitation. Note the result:

First letter.

Dear Mrs. Pinkham:—
"For eight years I have suffered something terrible every month. The pains are excruciating and I can hardly stand them. My doctor says I have a severe female trouble, and I must go through an operation if I want to get well. I do not want to submit to it. I can possibly help it. Please tell me what to do. I hope you can relieve me."—Mrs. Mary Dimmock, 50th and E. Capitol Streets, Washington, D. C.

Second letter.

Dear Mrs. Pinkham:—
"After following carefully your advice, and taking Lydia E. Pinkham's Vegetable Compound, I am very anxious to send you my testimonial, that others may know their value and what you have done for me."

It's TIME now to make your
early Christmas selections.
Phone 65 for the correct
time.

ANOTHER SPLIT IN CUBA.

Radical Liberals Are Now Working
Against Zayas.

Havana, Nov. 11.—A serious split has occurred in the ranks of the liberal party, due to the belief of the more radical element, largely composed of negroes, that Alfredo Zayas is too friendly with the Americans, even to the extent of secretly favoring annexation of the island by the United States. The leader of the radical faction, Jose Miguel Gomez, is now candidate for the presidency and is believed to have the support of many liberals who formerly regarded Zayas as the only logical candidate of the party, by virtue of his services in organizing the recent revolution and obtaining the support of the American peace commissioners. Jose Miguel Gomez is reputed to have the support of Juan Gualberto Gomez, who is said to control the party in the province of Santiago, and Morua Delgado, a negro who is all-powerful with his race in Havana province. General Asbert, Pino Guerra, and Colonel Julian Betancourt apparently are undecided which faction they will join.

Following the manifestation Saturday night in honor of Degadeo the followers of Zayas tonight held a big parade and mass meeting. The meeting was addressed by Zayas and other leaders.

POLITICS TABOOED.

St. Petersburg, Nov. 11.—An imperial order has been issued forbidding soldiers of all ranks to become members of political associations of any party whatsoever, attend political meetings or take part in agitation against the government. Violations of the order will be severely punished.

LINER ASHORE.

Montreal, Que., Nov. 11.—The Dominican steamer Kensington is reported ashore at Matan, 136 miles below Quebec. The Kensington was bound from Liverpool to Montreal. A snowstorm was raging when the steamer struck. The Kensington's passengers were transferred safely.
